COMPETITIVE WISCONSIN, INC.

The Competitive Wisconsin Local Government Summit on the American Rescue Plan Act and Return on Investment

Co-Sponsored by the University of Wisconsin System, the Wisconsin Counties Association, The League of Wisconsin Municipalities and the Wisconsin Towns Association with additional support from the Wisconsin REALTORS[®] Association.

The ARPA Local Government Summit on Return on Investment is centered around three breakout sessions dedicated to providing local leaders with: 1) relevant information about the context in which they are making decisions; 2) a look at the thoughts and priorities other local leaders such as themselves are bringing to their decision making process; 3) a chance to raise questions and issues with their peers and others with relevant information and experience; and 4) an opportunity to identify areas for collaboration and support.

The three breakout sessions are focused on the challenges and opportunities facing local (and state) leaders in three separate, but very related areas, including population and workforce shortages; infrastructure; and community quality of life and opportunity. Summit conveners identified a range of “Context Advisors” and have produced recorded comments and discussions on each of these topics that are now available for summit registrants and others to review prior to the event. If you haven't registered yet, summit registration and panel information are available at the following link: <https://www.eventbrite.com/e/getting-the-best-roi-on-your-local-american-rescue-plan-act-funds-tickets-154300313391>
